DIGITAL HUB

Welcome to a New Beginning at Edullect Academy!

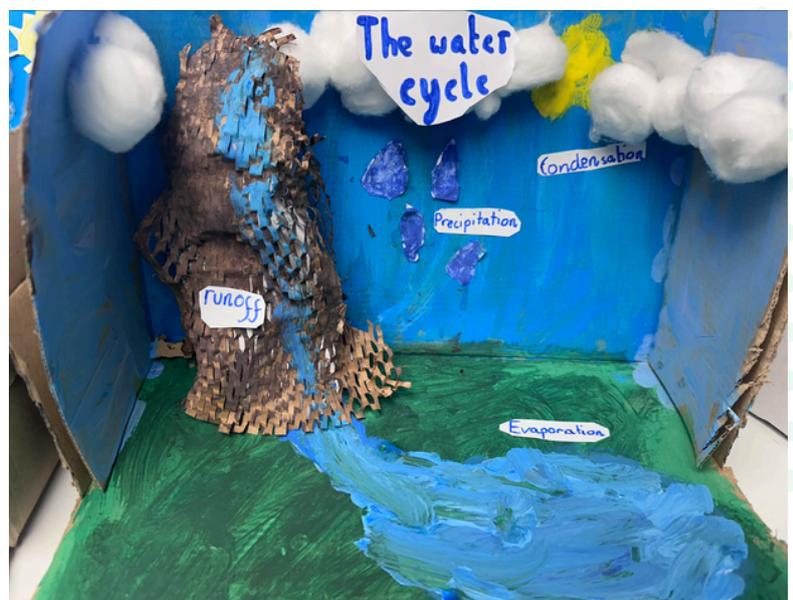

As our inaugural term draws to a close, we pause to reflect on a journey that began just a last month. To honour this significant milestone, our students came together for a profoundly special project: creating a community time capsule. Contributing meaningful items that reflect who they are today and their connection to the school. The capsule was sealed and buried on our grounds right at the front of the building — a lasting symbol of our shared beginning and bright future ahead.

Excelling in Faith and Learning

At Edullect Academy, our students have been thriving in their Arabic, Quran, and Islamic Studies lessons. They have shown remarkable dedication, excelling academically while deepening their understanding and practice of their faith. Every day, the children perform wudu and offer salah, demonstrating both discipline and devotion. We are incredibly proud of their progress and enthusiasm in balancing both academic excellence and spiritual growth intergrated in their every day life.

Learning Through Our River-Themed Classes

At Edullect Academy, each class is named after a river, and our students have been diving into the stories and significance of their class rivers. As part of this exciting learning journey, the children researched their rivers and created wonderful projects to showcase their discoveries. They also enjoyed a fantastic trip to the waterways of the Queen Elizabeth Olympic Park in Stratford, where they learned about the rivers in the surrounding area and saw first-hand how these waterways connect to their classroom learning.

Friday Fun at Oxygen

Every Friday, our students enjoy a special PE session at Oxygen Trampoline Park! The children are always buzzing with excitement as they get ready to jump, stretch, and participate in fun activities planned by their teachers. After guided exercises and warm-ups, the students have free play time, bouncing and exploring safely under supervision. These dynamic PE lessons are a thrilling change from the usual routine and help our students stay active, engaged, and full of energy every week.

Parent Engagement!

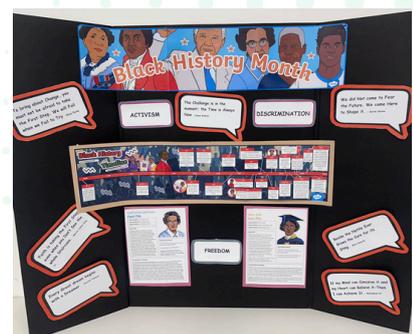

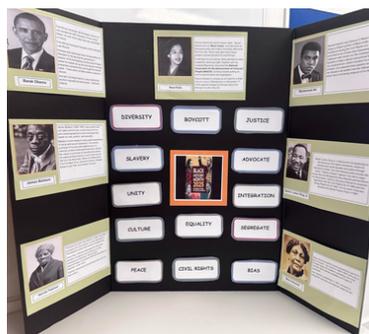

We're always looking for ways to strengthen parent involvement in our school community. Alongside existing parent representation in the Curriculum & Quality and Student Enrichment Working Groups, we're now inviting parents to join two additional groups:

- Marketing and Fundraising – promoting our school's achievements and events.
- Safeguarding, H&S and Wellbeing – supporting a safe and caring environment for all.

These groups are a great way to share ideas, give feedback, and make a positive difference. We'd love you to get involved!

Black History Month

Our students have been working hard for weeks learning about Black History Month and preparing for their special assembly. The event was a vibrant celebration of history, courage, and community. Our youngest learners, the nursery and reception students, performed a touching enactment of the Rosa Parks incident, showing the power of standing up for what is right. Our older students also brought history to life through their own creative role plays, highlighting important figures and moments. We were delighted to welcome all parents to join in the celebration, and together we stood in unity, reflecting on the lessons of equality, respect, and resilience. It was a truly wonderful event, filled with pride, learning, and a strong sense of community spirit.

Secondary School & Sixth Form

We recently held a Consultation Day for our Secondary and Sixth Form, inviting all parents to join us and gain insight into our progress and vision for the future. It was a pleasure to hear from two of our lovely students, Eesa year 6 and Marwah year 5, who shared why they love Edullect Academy, what they enjoy most about their learning. We were delighted to see so many parents attend and engage with us, and we look forward to opening our Secondary and Sixth Form in September 2026, insha'Allah.
